We seek sponsors for tailored weekly reports on each of the ten threats, twelve policies, and eight challengers. \$5,000 will cover all search, processing, analysis, and online access. Our intent is to lay the ground-work for offering a Global Range of Gifts Table Online, such that individuals and organizations can opt-in to harmonized giving program that is transparent and complete—for \$100 a year cell phone gifts to a village to \$100 million water-desalination plans for Africa and the Middle East.

For \$2,500 we will train a sponsor employee and provide full access to our global system provided the resulting stack and weekly reports can be shared with others. \$10,000 a year is the cost for private service that is not shared.

Any contributor of \$1000 may review our search profile and suggest changes that would make our existing free service more useful to them. All credit cards welcomed. Fax to 703.266.6391.
